Dear Mr. Twinomusinguzi,

**RE: MEDICAL INNOVATION**

Reference is made to your letter dated 1<sup>st</sup> January 2016 on the above subject.

After thorough assessment of your medical innovation, the Uganda National Council for Science and Technology has concluded that further scientific work is needed to validate the products for management of the various disease categories mentioned in your letter, such as diabetes, hypertension, asthma, bronchitis, among others.

Furthermore, you will need to register the products with the National Drug Authority, and obtain a certificate and license to market the products.

Yours sincerely,

Dr. J. Ecuru

EXECUTIVE SECRETARY  
NATIONAL COUNCIL FOR SCIENCE AND  
TECHNOLOGY UGANDA.

**RE: RESPONSE.**

This is in response to your letter dated 22<sup>nd</sup> July, 2016.

It was un-fortunate that after picking the samples, you forgot that you were dealing with new knowledge. It was the new knowledge that gave birth to the new products.

You never trained in Compound Organic Bio-Chemistry.

Therefore, we expected you to come back to us for whatever you failed to understand.

Never the less, we thank you for your commitment.

Sincerely yours,

*Twinomusinguzi*
